TARIFF QUESTION IN CONFERENCE

Shifted From Both Houses to
a Committee.

INTEREST AT FEVER HEAT

Warm Debate in the House Over Rule Whereby All Amendments of the Senate Were Disagreed to and the Conference Requested by the Senate Granted—Eighteen Republicans Vote Against It.

Washington, July 10.—The tariff question has been shifted from both houses of congress to a conference committee.

After one hour and a half of debate the house by a vote of 178 to 151 made a rule whereby all of the 347 amendments of the senate were disagreed to and the conference requested by the senate granted. Eighteen Republicans voted against the rule and one Democrat for it.

When the house met interest was at fever heat. The leaders on both sides had notified their respective forces to be on hand in anticipation that the tariff bill would come over from the senate. The summonses were responded to almost without exception. Many of the members showed by their tanned faces that they had been sojourning during the hot spell at the seashore resorts when called upon to be present at the session.

The debate at times waxed warm, and disclosed the fact that there were some Republicans, in addition to the so-called "insurgents" who were yet to be pacified before they would give their votes on the final passage of the bill. The Democrats held up the majority party to scorn for having, as they charged, violated its ante-election pledges. A feature of the discussion was an appeal by Chairman Payne to his colleagues to send the conferees to the senate unhampered by instructions. He promised to rigidly exact an explanation of every amendment made by the senate, in order that the house conferees might report back a bill which would meet the approval of the majority and of the country at large. His appeal was granted.

Adjournment was taken until Monday noon, when the joint resolution providing for the submission to the several states of the income tax amendment to the Constitution will be considered.

THE PORTO RICAN BUDGET

Senate Passes the Bill Automatically Continuing It.

Washington, July 10.—During a session lasting nearly four hours, the Philippine tariff bill and the bill automatically continuing the Porto Rican budget were passed by the senate. Only a nominal resistance was offered by the minority to these measures. An amendment by Senator Johnston of Alabama declaring the intention of the United States eventually to grant independence to the Philippines was opposed as being out of place on this bill, and was rejected. Senator Culberson sought to limit the operation of the Porto Rican act to July 1, 1910, but his amendment for that purpose was defeated.

The senate entered upon an agreement to adjourn three days at a time until the conference report on the tariff bill is ready for consideration and not to enact any legislation, when it does convene.

The senate received the official announcement of the death of Representative Cushman and adjournment was taken out of respect to his memory. The next session will be held next Tuesday.

JOINT CELEBRATION ENDED

Ceremonies on Isle la Motte Conclude Champlain Tercentenary.

Isle la Motte, Vt., July 10.—The Lake Champlain tercentenary celebration arranged jointly between the states of New York and Vermont, after a week of oratory and pageantry beginning at Old Crown Point, N. Y., closed with ceremonies on historic Isle la Motte, where years ago in the shelter of Fort Ann the earliest Christian service in the history of Vermont was held.

On its wooded slopes thousands gathered to listen to addresses by Governor Prouty of Vermont, Governor Hughes of New York, Lieutenant De Valseau Benoit d'Azy, naval attache of the French embassy at Washington, who was commissioned by Ambassador Jusserand to represent France; the Very Rev. F. Prevel and Wendell P. Stafford, justice of the supreme court of the District of Columbia.

JEWEL ROBBERY IN LONDON

Thieves Supposed to Have Started for America to Market the Gems.

New York, July 10.—In a search for thieves who are reported to have successfully engineered a \$500,000 jewel robbery in London a week ago, New York detectives boarded the liner Mauretania before she docked and went over the vessel thoroughly. Both cabin and steerage passengers were scrutinized, but no arrests resulted. Other incoming boats for the next fortnight will be subjected to a similar search. The robbery as reported last week by cable was one of the boldest which has occurred in London in many years. A Paris jeweler named Goldschmidt was the victim and the loot, which was owned by a syndicate of French merchants, included ten pearl necklaces and a large quantity of loose pearls and diamonds. Goldschmidt was held up and robbed in the lavatory of a Regent street restaurant. The thieves, it is believed by Scotland Yard, are well known continental experts. They are supposed to have started for America to market the gems.

REPLICA OF FULTON'S STEAMER LAUNCHED

Will Participate in Celebration
in September.

New York, July 10.—With appropriate ceremonies and speeches, the firing of guns and the blowing of whistles and in the presence of a group of prominent citizens the replica of Robert Fulton's steamboat, the Clermont, was launched today at Mariners Island, Staten Island.

The Clermont's sponsor was Mrs. Sutcliffe, granddaughter of Robert Fulton. An address on the historical features of the occasion was delivered by Edward Hagaman Hall, the author and historian, who is assistant secretary of the Hudson-Fulton commission.

The duplicate of the first practicable steamship has been constructed for the purpose of playing a conspicuous part in the coming great celebration at the end of September and the beginning of October of the tercentenary of the discovery of the Hudson river by Henry Hudson and of the centennial of Fulton's epoch making feat of steaming from New York to Albany and back. The Clermont and the replica of the Half Moon, Hudson's vessel, which has been built in Holland, will be central features of the two weeks' celebration. Together they will proceed up the Hudson to receive the acclamation of the throngs that will crowd the banks of the river.

With the Clermont and the Half Moon will be reproductions of other historic vessels, such as the first sailing ferryboat navigated by the early Vanderbilt between Manhattan and Staten Island. The historic vessels will form the nucleus of a splendid naval parade composed in part of warships of this and other nations. The whole will be the most imposing and interesting naval spectacle ever seen in America.

AMERICANS TO PARTICIPATE

Rifleman Will Take Part in Schuetzenfest in Germany.

Hamburg, Germany, July 10.—After a triumphal tour of the cities of Germany the American delegates to the great national schuetzenfest, or rifle shooting contest, arrived here. They will take part in the parade that will inaugurate the rifle matches and later compete in the matches for the kaiser's trophy and the other prizes.

In addition to the 200 Americans of German descent there are thousands of marksmen here from all parts of the empire. The coming contest will be the sixteenth annual affair of the sort held in various German cities. Rifle shooting is a recognized sport in Germany, being encouraged by the imperial government and by the governments of the various kingdoms, grand duchies, duchies, etc., which compose the empire.

STRUCK BY AN AUTOMOBILE

Mother of Five Children Killed at Toledo, O.

Toledo, O., July 10.—Mrs. Robert Beyer, aged forty-five, mother of five children, was struck by an automobile and dragged nearly 150 feet. The accident occurred near the United States military tournament and the hospital corps hurried to the scene in the army ambulance. The injured woman died in the ambulance.

BIG GIFT FROM ROCKEFELLER

General Education Board Gets
Ten Million Dollars.

TOTAL DONATIONS ENORMOUS

Oil Magnate Has Given the Board Fifty-two Million Dollars—Latest Contribution Made to Meet Educational Needs of Great Importance. Fund Need Not Be Held in Perpetuity.

New York, July 10.—John D. Rockefeller increased his donations to the general education board by a gift of \$10,000,000 and also released the board from the obligation to hold in perpetuity the funds contributed by him. The gift, announced by Frederick T. Gates, the chairman of the board, brings Mr. Rockefeller's donations to the general education board to \$52,000,000.

It was contributed, according to the statement made by Chairman Gates, because the income of the present fund available for appropriations had been exhausted and a larger income to meet educational needs of great importance had become necessary.

Mr. Rockefeller's action in empowering the board and its successors to distribute the principal of funds contributed by him upon the affirmative vote of two-thirds of its members was said to have been taken in consideration of the possibility, now remote, that at some future time the object and purpose of the Rockefeller foundation might become obsolete. Under the original conditions imposed, the fund would have had to continue in perpetuity, irrespective of whether a demand for its continuance existed or not.

DISCUSS PHYSICAL HEALTH

Educators Consider It of Paramount Importance.

Denver, July 10.—With a final round of department meetings, round table gatherings, directors conferences, topped off with a monster mass meeting in the auditorium, the National Education association came to a close.

Dr. Henry B. Favill of Chicago, president of the Chicago Municipal league, was the principal speaker. His subject, "Should the Public School Be the Bulwark of Public Health" was one of intense interest because of the attention given school hygiene and manual training during the convention.

Frank Chapman Sharp, professor of philosophy of the University of Wisconsin, gave an illustration from a Wisconsin school, of an experiment in moral education which he said was beyond question successful.

Study at home was discussed by Miss Mary M. Cunningham of the Grade Teachers' association of St. Paul, Minn.

TO THE WORLD'S CONFERENCE

American Y. M. C. A. Delegates Sail From New York.

New York, July 10.—On the steamer Kroonland, sailing today for Dover and Antwerp, is the main party of American delegates to the world's conference of Young Men's Christian associations, which is to be held in Barmen-Elberfeld, Germany, from July 28 to Aug. 2.

There will be many American delegates to the conference, at which the work of the associations in many lands will be discussed. The work has made rapid advances in Germany, which now has the largest number of separate associations, although it is still far behind the United States in total membership and value of property possessed by the associations.

WAYLAIED PREMIER ASQUITH

Suffragettes Presented Petition to British Prime Minister.

London, July 10.—Four suffragettes who under the leadership of Mrs. Despard have been waiting patiently for the past few days in the vicinity of parliament, waylaid Premier Asquith in Downing street and tried to push through the police cordon that was drawn around the premier's residence. The women shouted: "Petition, petition; will you grant us a hearing?"

The premier turned on the steps of his home, saying "I will take the petition."

He descended and, having accepted the petition, entered his house without listening to any explanation.

The deputation withdrew, but on returning later were arrested and charged at the police court with disorderly conduct. They were remanded until Monday.

The Sale is on

Our Mid-Summer Clearance sale is now in progress and we are offering most excellent bargains in many lines.

It is just such events as this that makes your dollars do double duty and its a splendid time to buy. Note the bargains displayed in our windows.

BODIES BADLY DECOMPOSED

Escaping Gas Reveals Tragedy in a Rooming House.

Grand Rapids, Mich., July 10.—Escaping gas led to the finding of the bodies of Warren C. Rolland, twenty-nine years old, and his wife in a rooming house. The bodies were so badly decomposed that it was difficult to determine whether the woman had been shot by her husband or whether they had united in a death pact by turning on the gas.

The couple had recently started divorce proceedings. Rolland was a railroad clerk and his body was identified by his artificial leg.

TROOPS AT THE COLLIERIES

Their Presence Has a Quieting Effect On Strike Situation.

Glance Bay, N. S., July 10.—The presence of troops at the collieries of the Dominion company had a quieting effect on the strike situation and there was no interference on the part of the striking miners belonging to the United Mine Workers with any of the men of the Provincial Workmen's association who desired to go into the mines. Nearly 2,000 men are at work in the company's mines and six of the eight mines are in operation.

A feature of the situation was the strike of 250 men at Inverness collieries, operated by the Inverness and Richmond Coal and Railway company. The cause of the strike at Inverness is the refusal of the company to officially recognize the United Mine Workers' association.

Indications point to a possible general strike of the United Mine Workers all over the province.

DENIES THAT HE IS A BIGAMIST

Christian C. Johnson Says He
Is Not John Madson.

San Francisco, July 10.—Christian C. Johnson, the man arrested here two days ago on charges of having defrauded Mrs. H. Leopold out of \$600, following his marriage to her, and who, the police declare, is John Madson, the husband of a score or more of wives scattered throughout the country, stoutly maintained his denial that he was Madson. He admitted his marriage to Mrs. S. P. De Bonnett of this city, however.

The detective bureau has been flooded with inquiries concerning Johnson, or Madson, and a steady stream of accusations of bigamy was unrolled before the prisoner. Johnson appeared cheerful under the gathering data on his alleged extensive matrimonial career and his face at times indicated that he found a little amusement in the general disturbance his arrest had caused.

"I am not Madson," the prisoner shouted at the detectives. "Who ever says I am, deliberately lies. I never even heard of Madson. I decided that the best policy was to tell the truth, when I was arrested, and I am telling it when I say that I am not Madson and am married to only one woman."

FLYING MACHINE EXHIBIT

Aeroplane Show Opens at Frankfurt, Germany.

Frankfurt, Germany, July 10.—Among the exhibits in the great international balloon and aeroplane exposition which opened in this city today and will remain open until October are flying machines as well known as those of the Wright brothers, Count von Zeppelin, Major von Parseval, Count de la Vaulx and others whose recent exploits in navigating the air have held the attention of the entire civilized world.

During the exposition dirigible airships of rigid and nonrigid patterns, aeroplanes and spherical balloons will be seen in flight and facilities will be offered visitors to make trips in airships, starting from the exhibition grounds. For sixty days during the exhibition there will be races and other competitions of a sporting and military character.

Experiments with aeroplanes will be carried out on a specially prepared velodrome in the grounds. The Zeppelin and Parseval airships will take passengers on excursions along the Rhine. During the races communication will be kept up by means of the exhibition's own wireless telegraph system and carrier pigeons. Numerous prizes have been offered.

"I shall never speak to Jane again—the mean thing."

"What's the matter?"

"I gave her a pickle dish for her wedding present, and she got three others exactly like it and—would you believe it?—mine was the one she exchanged."—Detroit Free Press.

have it. Write today.

Boats for rent at N. B. Crosbys's,
South Long Lake. 31t2

Joseph Wabitz, employed at the
gravel pit got his hand caught between
the handle and bale of a slip scraper
this forenoon and had the end of one
finger taken off. He was brought to
the Northern Pacific hospital here for
treatment.

Mr. and Mrs. Frank Brown are en-
tertaining a house party at their new
cottage on Borden lake. Among the
guests are Miss Lucille Napper, of
Springfield, Mo., Miss Marie Careras,
Miss Orlean Evans, of St. Louis and
Joseph Boyce, of St. Louis.

D. M. Clark & Co.'s new stock to
wall paper just arrived. Price 10c of
35c double roll. 251tf

Joe Borassa, a boilermakers' helper
was injured at the Northern Pacific
shops this morning by the door sheet
of a boiler falling on his foot. He was
taken to the sanitarium on the dinky
engine and his foot dressed. It is not
thought that the injuries will prove
serious.

R. B. Dear and party of Superior,
were in Brainerd a short time yester-
day afternoon. They came from his
cottage on the north side of Serpent
lake, Deerwood, in his big Pierce Ar-
row in an hour and 20 minutes. After
purchasing supplies, etc., they return-
ed in time for dinner.

The Minnesota & International rail-
road has purchased from the Northern
Pacific railway company two large pas-
senger engines for service on their
heavy night trains. The engines were
Nos. 655 and 658, in the Northern Pa-
cific service and they will be known as
No. 21 and 22, on the M. & I.

Phone D. M. Clark & Co., to get
your lawn mower repaired and sharp-
ened. Satisfaction guaranteed. 251tf

A merry crowd of young people left
on the afternoon train today for Deer-
wood for a little outing. The party
included Mrs. Geo. Green, of Anoka,
Misses Emerson, Guy Ferry and Lucia
Merrill, of St. Paul, and Misses Caro-
line Morrison, Clara Small and Ethel,
Irma and Ruth Parker, of Brainerd.

Mr. and Mrs. W. C. Arthurs and lit-
tle daughter were in the city today on
their way to Hackensack, where they will
spend the summer. Mr. Arthurs, who
is engaged in the manufacture of
freight cars states that the business is
picking up slowly, and says his line is
one of the last to feel the improvement.

For a good investment BUY a Lot at

Miller Brothers have dissolved part-
nership and the business will hereafter
be conducted by P. Miller, under the
firm name of the Miller Cigar com-
pany. Mr. Miller has secured C. C.
Carrier, formerly of Gridley, Cal., to
assist him. Mr. C. C. Miller and his
family will leave tonight for Shells-
burg, Iowa, their former home, where

they expect to make their home in the
future.

Weeks repairs lawnmowers. 3076th S.

The residence formerly owned by
Chester Atherton, on West Main
street, now the property of Eric Kron-
berg, was destroyed by fire last night,
or rather this morning about 1:30. The
fire originated in a rear shed. The
building had been vacant about ten
days and the origin of the fire can only
be surmised. The house was valued at
about \$1500 and was insured for \$1000
in the Hartford, through the C. W.
Chadbourne agency.

We are having a Clean-up Sale. All
\$35.00 suits in stock will be sold for
\$25.00. Come in and see what we have
for the money. L. S. Zakariassen, The
Tailor, 704 Laurel St. 321tp

THE MUFFS MEN WORE
They Were Decked With Lace
and Bows of Ribbon.

A FASHION OF OTHER DAYS.

Their Use Was Quite Common, Too,
and Not Confined to Fops and Dan-
dies--Double Muffs Were Once In
Vogue--Extremes of Style in Sizes.

Muffs were invented for the use of a
man. At least so the legend goes. It
seems a classic shade found the air of
the world so beastly cold when he re-
suscitated to earth after his death that
his hands were almost frozen.

Consequently it was decreed that the
slayer of the poor young gentleman
should kill enough sables--evidently
sables were appreciated even in those
early days--to make a covering for the
frostbitten fingers. He did it, and that
was the origin of the muff.

Even if one is not prepared to ac-
cept this account of the first muff as
authoritative there is one thing that is
certain. It is only in very modern
times that muffs have been the exclu-
sive property of women. Up to the
third quarter of the eighteenth cen-
tury men were quite as addicted to
them as women were.

In the wardrobe accounts of Henry,
prince of Wales, for 1608 the prices of
two muffs are set down. The most ex-
pensive cost £7, a very big sum in
those days, and is described as being
made of cloth of silver wrought with
puris, plates and Venice twists of sil-
ver and gold. The other was a com-
paratively plain one of black satin em-
brodered with black silk, and its price
was proportionately less, only 60 shil-
lings.

At the time of Charles I and Charles
II. there was a curious fashion of dou-
ble muffs, a small one for each hand,
something like a big loose cuff. The
single or ordinary muffs carried by the
English ladies of the 17th century were
of medium size and made entirely of
smooth fur, arranged, as a rule, with
the hair running round the muff.

At the extreme end of the century,
after the advent of William of Orange,
men's muffs were still small and were
generally suspended from a ribbon
round the neck, but in 1703 it seems to
have been more usual to loop the muff
to a coat button. There is a widely
prevailing idea, I think, that masculine
muff wearers invariably belonged to
the dandy class--the fops, beaus and
macaronis--but this was not actually
the case, although the fashion was
certainly scoffed at by some contempo-
rary writers.

Staid and elderly gentlemen carried
muffs habitually. For instance, Dr.
Josiah Tucker, dean of Gloucester and
a famous political economist, was so
attached to his huge fur muff that he
carried it even when officiating at the
cathedral services. Englishmen, how-
ever, do not seem ever to have favored
lace frilled muffs such as were affected
by Frenchmen during the early part of
the eighteenth century, but contented
themselves with trimmings of ribbon
bows, adornments quite sufficiently ef-
feminate, one would think.

Muffs, both ladies' and gentlemen's,
varied much in size at different times
from the reign of Queen Anne onward.
In 1710 they were very tiny, but grew
somewhat larger during the following
couple of decades. In 1740, however,
they had decreased again, and a little
later Horace Walpole writes of send-
ing George Montagu "a decent small-
ish muff that you may put in your
pocket, and it cost but 14 shillings." But
by 1780 both sexes were carrying
such capacious muffs that pet dogs
were often concealed in their warm re-
cesses. About this time, by the way,
muffs made of feathers were intro-
duced by reason, it is said, of an un-
usual scarcity of furs in the market.

In 1786 ladies' muffs--men, except
such eccentric fogies as Dean Tucker,
had by this time given up wearing
such things--were decidedly diminutive.
However, at the beginning of the
nineteenth century they were again of
monster proportions and so continued
for about thirty years.

Two muffs of the year 1800 shown in
a fashion plate of that year are of
long, shaggy fur, and in the print one
is colored yellow and has a bow of
purple ribbon in the center, while the
other is deep brown and has no trim-
ming. Another huge muff of rough,
dark fur is shown in a set of fashion
plates for 1803.

A few years nearer our own time the
modish muff was large, flat and so
widely open at the ends that it could
have afforded but scanty protection to
the wrists. One example was made of
ermine, a fur which was in high favor
from this time up to the mid-Victorian
period.--London Queen.

Roll Call After the Fourth.
"Reginald Grant!" the principal read.
"Here!" was the answer, loud and clear.
Reginald Grant had lost an ear.
But stood in the line with bandaged head.

"Andrew Blake!" Then a silence fell.
Many an eye had watched him sail,
Clinging fast to a rocket's tail.
Had he alighted? None could tell.

There they stood in the morning sun.
Lads who answered the call by turns,
Marked with poultices, scars and burns.
Another glorious Fourth was done.

A cottage and barn were blackened coals.
The shreds of crackers were every-
where.
An odor of brimstone filled the air.
And coats and trousers were full of holes.

"Herbert Peters!" a voice said low.
"Herbert Peters was standing near
When the cannon burst, and the doc-
tors fear
He won't be up for a month or so."

Harold Judd and his brother Tom
Found their places with halting tread.
William Cabot was home in bed.
Badly scorched by a sudden bomb.

Endicott Milliken lacked a thumb.
A pistol had taken him by surprise.
Sparks from a pinwheel had scarred the
eyes
Of Anthony Collins. He could not come.

Look at the record! Year by year
Powder and folly take their toll.
Adding names to a mournful roll.
'Tis a glorious Fourth, but it costs us
dear!

CURRAN WAIVED AN EXAMINATION

Assailant of Mrs. Ferris Held to
the Grand Jury on Charge
of Assault

WANTED LIGHTER CHARGE

Curran Would Have Liked to Have
Plead Guilty to Minor As-
sault Today

Daniel Curran, the man who assaulted Mrs. Beulah A. Ferris, on the afternoon of July 5th, waived examination in municipal court this morning and was held to the grand jury. Curran wanted to plead guilty to assault in less than the second degree and receive sentence in the municipal court, but Judge Warner refused to accept the plea and held him to the grand jury, placing the bonds at \$500. Not being able to furnish the bonds he was returned to jail. It is thought that he will plead guilty to the charge on which he is held, before Judge McClenahan, and take his sentence at once, rather than to lay in jail until December before being tried, as the evidence against him is absolute.

Women Who Are Envied

These attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wrecked complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at H. P. Dunn's.

Leave for Germany

Mr. and Mrs. Rudolph Kaatz left this morning for their old home in Germany on a three months visit. They will sail on the Hamburg-American liner President Lincoln, from New York on July 14th, and will land at Hamburg and proceed at once to Berlin, where they will first visit a brother of Mr. Kaatz. They will visit Schombke, Bromberg, Thoren and Kulm See, and will make a trip up the historic river Rhine. Mr. and Mrs. Kaatz left the Father Land 24 years ago, coming to Brainerd a year later. For the last 23 years Mr. Kaatz has worked in the Northern Pacific railway shops here as a machinist, taking a total of less than three months lay off in the 23 years. His wife, Mrs. Bertha Kaatz has for many years conducted a successful store in East Brainerd in partnership with their son Hugo, and the couple have certainly earned a good holiday and many friends here hope they may thoroughly enjoy it. Mrs. Kaatz says she expects the next time they go they will cross the ocean in three days in an airship.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Council Made Mistake

EDITOR DAILY DISPATCH.

I see that the Tribune wisely declines to publish communications condemning the city council because of the resolution introduced to rescind the contract for publishing the council proceedings, which is certainly commendable under all the circumstances. It seems to be the proper thing to kick and find fault with the council, but for one I believe that the members of the present council are perfectly sincere and well meaning, and will prove themselves so, though they evidently made a serious mistake in considering the matter of discontinuing the publication of the official minutes of their meetings.

Now I think it was merely an honest but misdirected idea of economy. They probably did not realize the importance attached to this official publication, the right of the people to know to the smallest detail how their money is spent, which is not given in full in the newspapers otherwise, and their quick resentment over the mere suggestion to suppress these official publications.

I will confess that I did not fully realize the feeling of the people over this apparently trivial, though to them highly important matter, until the Tribune, by publishing its letter to the council, shrewdly attracted the attention of the public to the question for the purpose of drawing out the public sentiment. If the council had realized this as I did, they would have simply withdrawn the obnoxious resolution instead of referring it to a committee.

I am satisfied that it is the general desire of the public, including heavy taxpayers, that the council should continue publishing the proceedings. The people seem to be unanimous in this feeling.

The council should remember that this privilege has never before been denied the people, and as it is their money that pays the bills, their wishes should be respected. Besides, there is the water works matter coming up, the telephone franchise, street paving, sewerage, the reports of the city officers, and other matters in which every taxpayer is greatly interested. Is it advisable to suppress the publication of the minutes at this time of all others?

Wouldn't it be wiser to work "in the open," publish the minutes as heretofore, and thus check at once all talk of "graft" which is beginning to be heard? The people are naturally very sensitive over such matters, and it is easy to magnify things into almost anything.

The contract has been let and it is only right that the city should keep its compact. There is a possibility, too, of litigation and law expenses if it fails to do so.

I know nothing about whether the law requires the publication or not, but the people want them published and are entitled to have them published, and under the circumstances, as a sincere friend of the mayor and council I trust that they will remedy the mistake they have already made in considering this matter at all, by promptly killing this resolution if it ever comes up again. By so doing they will disarm all criticism and all prejudice.

This article is written only with the best interests of all concerned in view, and with the earnest conviction that only such action will be generally satisfactory to the public.

Brainerd, Minn., July 9.

A Thrilling Rescue

How Bert R. Lean, of Cheney, Wash. was served from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs, and colds, Asthma, Croup and Whooping Cough is supreme, 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn. ttw

PEST EATING DUCKS.

Alton (Ill.) Farmer Making Money
Fast Annihilating Potato Bugs.

Joseph Junette, who farms one of the job ranches on the Alton bluffs at Alton, Ill., thinks he will engage extensively in "duck" farming and educate the fowls to eat potato bugs at \$1 a day per duck.

Just now Junette is enjoying an income of \$15 a day from fifteen ducks which he trained to clear potato patches of bugs. He put the ducks in a pen and fed them on potato bugs exclusively after starving them until they were glad to get the bug diet.

Junette tried them first on his own patch, which comprised several acres. The ducks went through the patch like a neighborhood scandal. After the performance Junette shut up his brigade in the bug pen so they would not acquire a taste for other diet.

The ducks are in great demand on the farms in Junette's neighborhood. Farmers are glad to pay \$1.50 per hour for the services of the brigade.

Troubles Makers Ousted

When a sufferer from stomach trouble takes Dr. King's New Life Pill he's mighty glad to see his Dyspepsia and Indigestion fly, but more, he's tickled over his new, fine appetite, strong nerves, hearty vigor, all because stomach, liver and kidneys now work right. 25c at H. H. Dunn's. ttw

ORIGINAL RINGLING SHOW

Yankee Robinson Made the Present
Ringling Show

The Ringling Bros., in an interview in New York in April of this year, made the statement that they owed their success to the greatest of all showmen, Yankee Robinson. For two seasons the Ringling show endeavored to pilot their show on the sea of circusdom, but met with disaster each time and wended their way back to Baraboo. Finally Yankee Robinson took the then young Ringling Bros. up and with the Yankee Robinson & Ringling Bros. Show made a success. This continued for some time, finally Yankee Robinson and the Ringling separating. Today these two mammoth shows continue to rule the world of circusdom, and each one is credited with having the best circus performance and menagerie carried with tented organizations. Both shows are still on friendly terms, each one contented with the territory allotted them each season. The only possible friction between the two big shows is during the winter months when some big foreign act is desired by each show. The Yankee Robinson Shows has the Ringling bested in this regard, having formed an alliance with the great vaudeville interests of the country and having the only high-class vaudeville house operated on the big circuit. However, the early friendship of these two shows is so strong the Ringlings are loaned many features not desired by the Yankee Robinson Shows; for instance, the Patty troupe, now the big feature of the Ringling show, was exhibited by the present management of the Yankee Robinson Shows two seasons prior to the Ringling engagement. Both shows are better equipped than ever this season. There is no truth in the report that both shows will combine for the Seattle exposition, statements to the contrary notwithstanding.

MUSIC AND DRAMA

Burgomaster was Fine

The presentation of the Burgomaster at the opera house last night was the best ever put on in this city. Harry Hermen, in the title role was in nearly everything equal of Max Figman, and in many things distinctly his superior. Euphemie Lockhart, as Willie Van Astorbilt, was also superior to Ruth White who took that part with Figman. There were several of the old company, notably Leo Kendal in the present cast, and the chorus and ballet were much improved. It is to be regretted that the company was not greeted with an audience commensurate with the merits of its performance.

When Your Joints are Stiff
and your muscles are sore from cold or rheumatism, when you slip or strain a joint, strain your side or bruise yourself, Painkiller will take out the soreness and fix you right in a jiffy. Always have it with you and use it freely. The oldest, the cheapest and the best medicine for internal and external aches and pains in man is Perry Davis' Painkiller, and for over seventy years it has been the great standby for emergencies in thousands of families all over the world. Don't go home without a 50c. or one of the new size, 35c. bottles.

Logging Booms Burst.

Winnipeg, Man., July 10.—Through a sudden rise of eleven feet in the water of Saskatchewan river at Edmonton a number of logging booms burst and it is feared millions of feet of logs are lost.

Repopulating Chinese Islands.

Several centuries ago many of the Chinese coast islands were deliberately depopulated owing to the attacks in turn of Japanese pirates and European freebooters, but in view of the Kientao (Korea) dispute and the Prata Island difficulty the Chinese government has begun to see the danger of leaving any place unoccupied, and consequently Chinese merchants are now raising repopulating syndicates.

SHAKE INTO YOUR SHOES.

Reaches Old England

James Chadwick, a citizen of our city for a number of years, janitor of the Mill school, who with his wife and daughter left Brainerd for a tour of England the first week of June but was relieved of about \$400, according to press reports, by a confidence shark of Boston, evidently was not deterred in his endeavor to reach England. A friend in Brainerd received a picture postcard from him this morning, dated Liverpool, June 25, with the following brief synopsis of his trip and arrival: "Dear Friend:—Landed in Liverpool last evening, after a pleasant trip of nine days on the water. Last part of trip very rough, but we were not sick. Had a jolly time and met many nice people. Haven't seen the King yet, but will meet him later. Your friend, James Chadwick."

Could Not be Better

No one has ever made a salve, ointment, lotion or balm to compare with Bucklin's Arnica Salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped hands its supreme. Infallible for Piles. Only 25c at H. P. Dunn's. ttw

NEW TERMINALS AT FAIR

Twin City Rapid Transit Co. Making
Many Improvements in its Yards
at the Minnesota Fair

One of the most important changes ever made in connection with the transportation features of the Minnesota State Fair are now being effected in the State Fair ground terminal station of the Twin City Rapid Transit Company.

Handling the thousands and hundreds of thousands who annually visit the State Fair grounds during State Fair week is a problem with which the street car company has wrestled with remarkable success, considering the conditions under which the company has operated its cars. Changes now being made in the State Fair grounds terminal yards will obviate many of the difficulties and inconveniences heretofore met.

Under the old system the extra cars on the "storage" tracks were switched in from the Langford avenue side in such a way that the car nearest the avenue and farthest from the fair grounds exits at the terminal station were the first out. Those who came through the exits, especially at night, had to walk along a quarter of mile of track and past dozen of empties, or else, if they got into any of the cars nearest the exits, they had to wait until all the cars ahead of them had gotten out.

Under the new system the cars lying nearest the exits will be the first cars out as well as the first cars filled. The saving of time and energy for the patrons of the State Fair will be easily understood and thoroughly appreciated by thousands who have found cause to complain of the old system. This improvement will be more marked as additional storage tracks are being laid. In addition to this the saving to State Fair patrons it will also be a matter of moment to the board of managers of the Minnesota State Fair, for the street railway company will this year be able to handle thousands more than heretofore within the company's State Fair carrying capacity.

"I suppose Newrich is making quite a splash with his money?" "He did the day he backed his auto off the ferryboat."—Puck.

Public Characters Taken by Sweet

It is a well known fact that actors are the most particular of all subjects in a photographic studio, hence it is a feather in the cap of Sweet, the famous photographer of Minneapolis, that there have posed for him in the past few years such widely known public characters as the late Richard Mansfield, Stuart Robson, Chauncey Olcott, Valerie Berge, and the unique and inimitable Phillistine, Elbert Hubbard, with whom fine art effects is a hobby.

WHY SO WEAK?

Kidney Troubles May be Sapping
Your Life Away—Brainerd People
Have Learned This Fact

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Brainerd testimony to prove it.

Mrs. Chas. Erickson, living at 1103 E. Oak St., S. E., Brainerd, Minn., says: "I suffered from kidney trouble for two or three years. A dull aching in my back and sharp pains through my loins, kept me in constant misery. I was also subject to occasional headaches and dizzy spells. Having been advised to try Doan's Kidney Pills, I procured a box from H. P. Dunn's drug store, and used them in strict accordance with the directions. I now feel better in every way and believe that Doan's Kidney Pills will prove a good remedy to any person suffering in like manner."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

ELECTRIC SUBWAY FOR MAIL.

Trains in Vienna Will Travel About
Twenty Miles an Hour.

Plans are now under consideration for an underground electric railway in Vienna, Austria, for the transmission of postal matter. It is proposed to link together the chief postoffice and sixty-four substations and the nine railway stations in the city. Letters, newspapers and parcels will be carried over this line instead of in wagons through the streets. It is estimated that the line will take the place of 450 mail wagons and 700 horses, which now make some 2,500 journeys through the city every day.

The railway will be built in a subway five feet high and a little less in width. Each car will carry eighty packages, which is equal to the capacity of a horse mail wagon. Trains of eight cars will be run every twenty minutes from half past 5 in the morning until 10 o'clock at night. They will carry motormen, but will be operated from dispatch stations and will travel about twenty miles an hour.

\$415 For a Farthing.

The Rashleigh coin collection was sold at auction at Sotheby's, in London, England, the other day. A gold Patrick farthing brought \$415. It is believed to be the only one extant. It was coined at Carrickfergus or Downpatrick about 1185 by the governor of Ireland under King Henry II. It has a representation of David playing a harp on one side and St. Patrick driving the reptiles out of Ireland on the other.

Davy Jones' locker is a combination of Duffy, a ghost or sprite among West India negroes, and Jones, a contraction of Jonah.

Standard Oil Company (Incorporated)

IS HELD UNCONSTITUTIONAL

Minnesota Legislative Appropriation for Roads and Bridges.

St. Paul, July 10.—The supreme court has declared the "pork barrel" bill unconstitutional without a dissenting vote. The court held that the bill was in violation of the article in the state's constitution which forbids the state being a party to the carrying on of internal improvements. Chief Justice Start wrote the opinion. The attack on the appropriation of \$600,000 for roads and bridges, made by the last legislature and divided among the different counties of the state, was made by Senator L. O. Cooke of Wabasha.

With the state road improvements now up in the air and no chance to relieve the situation until the next meeting of the legislature two years hence the possibility of a special session of that body was put up to Governor Johnson, but he would not commit himself. He said he did not intend to cross any bridge until it was reached.

FROM BURGLAR'S VIEWPOINT

Mr. Staber and His Son to Blame for Tragedy.

New York, July 10.—Frank Schmidt, alias John Smith, the wounded burglar, who admits that he killed Mrs. Sophia Staber in her bedroom Thursday morning when he was caught robbing the Staber house at Flat Bush, gave the district attorney his version of the moral to be drawn from the murder.

"Mr. Staber and his son are the ones to be blamed for this killing," he said. "They were fools to try to stop such men as us when all we wanted was to make a get-away. If we had been left alone, there wouldn't have been no shooting. If Mr. Staber will take a gun I will gladly stand up in front of him and let him shoot till I drop dead."

"That's how much I regret this affair," Schmidt's pal, Carlo Giro, alias Metzler, who was silent at first, made a confession in which he tried to lay all blame on his mate.

Birds of Distinction

The crow and the bird of paradise were talking about fame.

"Why, you are so homely you are only known to the farmers," sneered the proud bird of paradise. "Now, I am so beautiful I have my feathers on the hats of the society women."

The crow laughed sardonically. "That may be, my friend," he chuckled, "but I have my feet under their eyes."—Chicago News.

"ENGLAND UNARMED."

Cannon Henson Tells Canadians That Empire Is in Peril.

Addressing the Canadian club of Victoria at a luncheon there, the Rev. Canon Henson of Westminster abbey, London, strongly urged the clergy of all denominations to preach the gospel of practical patriotism throughout the British empire, inciting sacrifices everywhere in order that Britain may procure as quickly as possible an efficient army and navy capable of contending with the powers massing against her. He regarded the present agitation in England, he said, not as a scare, but rather the prelude to a great national crisis.

"England today is practically unarmed and defenseless," said Canon Henson. "Why should we alone among the nations believe we can go on forever enjoying undisturbed the heritage our fathers won for us? The empire must for its continued existence be sustained by a new patriotism."

"We have seen Russia with all her mighty power collapse before what hitherto had been thought to be a small and unimportant nation. England has watched with growing anxiety the sharp and brutal methods of diplomacy applied to Russia and France by a powerful state in Europe. It is upon these grounds that the people of Britain are thinking of the pressing urgency of this great question of imperial defense."

RACES FOR WOMEN ONLY.

International Equestrienne Contests to Be Held in Rome This Year.

Prince Scaglia, the famous horseman, is putting the finishing touches to the program for the international women's races to be held in Rome, Italy, some time in the fall. Equestriennes from all over the world will be invited to compete, and the prince has promises from society ladies in the United States, Italy, Russia, France, Austria and England to enter the races, riding their own horses as lady jockeys. If not enough society women can be secured professional riders will be invited; otherwise the latter will be excluded.

The races are to be managed by Emile Durer, Mascagni's manager, but the Rome Societe Hippique, of which Prince Scaglia is president, will decide on the admittance to applicants. Amateurs will be invited to compete both in flat races and the steeplechase.

According to Prince Scaglia, a rich American residing in Paris has offered a prize of 100,000 francs for the lady winning in the 12,500 foot race. It is reported that James Hazen Hyde made the generous offer. There are to be other prizes to attract the ladies.

"Harry, here's a good article on 'The Secret of Baldness.'"

"Hub! Baldness is no secret."—Chicago Record-Herald.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foetid stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Manufacturers of GAS, GASOLINE and STEAM ENGINES, PULLEYS, HAWKS, SHAFING, CLUTCHES and all POWER TRANSMISSION SUPPLIES, direct to the consumer. Largest Machine Shop in the West. MINNEAPOLIS STEEL AND MACHINERY CO. MINNEAPOLIS, MINN.

ATTACKED BY FURIOUS MOB

Argentine Legation at La Paz, Bolivia, Stoned.

TROOPS ARE CALLED OUT

Fears Entertained for the Safety of the Argentine Minister—Trouble Is the Outcome of the Decision Rendered by President Alcora of Argentina in the Boundary Dispute Between Peru and Bolivia.

La Paz, Bolivia, July 10.—A furlow mob attacked the Argentine legation. Troops have been called out and fears are entertained for the safety of the Argentine minister. The trouble is the outcome of the decision rendered by President Alcora of Argentina in the boundary dispute between Peru and Bolivia.

Senor Fonseca is the Argentine minister to Bolivia. Great crowds which had been parading the streets finally turned in the direction of the Argentine legation, which they surrounded. There were shouts of rage, and stones and other missiles were hurled at the building. The local authorities endeavored to check the manifestations and at length the government found it necessary to order out troops. Both this legation and the Peruvian legation are now under a strong guard.

The Bolivian people unanimously protest against the decision rendered by President Alcora, which they consider most unjust. The territory involved is the famous Acre district, recently purchased by Brazil from Bolivia for \$10,000,000, notwithstanding the fact that Peru issued a warning that the territory was at that time the subject of arbitration. Serious complications are anticipated, which are certain to involve Brazil.

UNITE ALL IN ONE CHURCH

Such Is Hope Expressed by Christian Endeavorers.

St. Paul, July 10.—"The Voices of the Denomination for Christian Fellowship" was the name given to the Christian Endeavor meeting at the Auditorium and fellowship was indeed the keynote, the genesis and the exodus of the meeting, which began with the voice of the Presbyterians, uttered by Rev. Harry Noble Wilson of the Central Presbyterian church, St. Paul, followed by many denominations represented by ministers of the respective creeds.

The meeting abounded in beautiful sentiment. Fellowship, friendship and citizenship, as suggested by Rev. P. H. Garrison of Mobile, Ala., who talked as the voice of the Disciples of Christ, was in the spirit of all that was said. The elimination of denominational lines and the unification in one church of all the peoples who follow the cross was the prophecy and hope of all the speakers.

A suggestion that the Christian Endeavor societies and the Baptist Young People's unions be brought into closer relations was received with cheers.

Atlantic City was selected as the convention city in 1911.

INSPECT WRIGHT MACHINE

Cabinet Officers Are Impressed With Value of Aeroplane.

Washington, July 10.—Too much wind prevented Orville Wright from attempting an aeroplane flight during the day. It blew from the southeast and registered twelve miles an hour on the anemometer on the roof of the aeroplane shed at Fort Myer.

The machine was not taken out of its "aerial garage," but it was viewed by a number of cabinet officers and other government officials. Secretary of War Dickinson, accompanied by General James Allen, chief signal officer, saw the aeroplane for the first time and expressed himself as being very well impressed with it.

Secretary of the Navy Meyer seemed to be much impressed with the value that aeroplanes would have to the navy in time of war.

Husband and Wife Drowned.

San Diego, Cal., July 10.—The bodies of William Bates, son of the editor of the San Diego Union, and his young bride were found in the bay. While young Bates, his wife and two male companions were returning from a midnight row on the bay, they struck a pile and their boat overturned.

Missouri Town Flooded.

St. Joseph, Mo., July 10.—The flood in the Platte river has reached Agency, a town of 700 inhabitants, and parts of the town are under twelve feet of water. Nearly a third of the inhabitants were compelled to flee and are being cared for in the school houses and in homes on the hillsides.

Vienna Postoffice Robbed.

Vienna, July 10.—The postoffice in the center of the city was robbed of \$25,000. While an official was called to the telephone, probably as a ruse, the thieves reached across the counter and abstracted gold notes to that amount.

WEEKLY REVIEW OF TRADE

Future Business Continues Good and Confidence Is Unimpaired.

New York, July 10.—Bradstreet's review of trade says future trade continues good, confidence is unimpaired, buyers are arriving in the larger markets, cereal crop reports, despite rains in some winter wheat and corn growing sections, are encouraging, country trade promises to be heavy. Industrial lines are becoming more active, calls for harvest hands absorb a large part of the floating supply of labor and the long drawn out discussion regarding tariff matters promises to be soon ended. On the other hand, the general situation is not without its drawbacks. Thus cool or rainy weather has retarded retail trade over a goodly part of the country. At the same time, clearance sales are pretty general and these tend to stimulate business where normal weather conditions prevail. In wholesale and jobbing lines current trade is of midsummer character.

DIDN'T KNOW IT WAS LOADED

New York Man Kills His Cousin With Revolver.

New York, July 10.—"If you put that peach basket hat on I'll shoot it off just like William Tell," said John Clark to his cousin Mrs. Mary Foreman, thirty-three years old, after she returned from a shopping expedition and proudly exhibited a new hat. Mrs. Foreman took the dare, thinking the revolver in Clark's hand was unloaded. Pressing the hat on her head she shouted "now shoot it off." Clark levelled the gun and pulled the trigger. There was a report and Mrs. Foreman fell to the floor with a probably fatal wound in the head.

Clark, who is twenty-seven years old, was grief-stricken and said that he did not know the revolver was loaded.

Ends Life in Lodging House.

Chicago, July 10.—A man in whose clothes letters were found addressed to "J. H. Humphrey" from Cornwall, Eng., and which were signed "Father" and "Nell," was found dead in a lodging house here. He is believed to have committed suicide.

Two Racers Killed.

Montreal, Que., July 10.—C. K. Batchelder of Newport, Vt., and J. Twohey of Montreal, auto car drivers, were killed in an accident at the second annual races of the Canadian Automobile club at the Blue Bonnets track.
